The attention of tenderers is drawn to the fact that this contract includes a fixed part and a conditional part.

The delivery / installation of the equipment constituting this call for tenders is fixed between February/Mars 2021 and constitutes the **fixed part**.

The extra equipment will probably be delivered between May/June 2021.

This extra equipment is not part of this contract but constitutes a conditional part which could be the subject of an amendment to the contract which will be signed with the winner of this contract if the following conditions are confirmed:

- a) the successful tenderer has fully satisfied the execution of the fixed part (the subject of this call for tenders and of its contract);
- b) availability of funds is confirmed.

The conditional part will be the subject of an amendment to the contract, if applicable, based on the technical specifications and the unit price schedule submitted in the tender of the successful tenderer, subject of this contract. The exact quantities and delivery schedule can be specified if necessary.

Under no circumstances, the successful tenderer cannot invoke the right to the conditional part, the attribution of which is an option reserved by the Contracting Authority. If the Contracting Authority renounces to entrust the conditional part to the successful tenderer of this contract or if it decides to launch a new call for tenders (open or restricted), the contract holder may not under any circumstances claim damages / interests, whatever their nature.
