

VISION 2030

.....

UNITY

ONE TEAM • ONE VISION • SHARED GOALS

.....

OUR MISSION •

LuxDev is the Luxembourg Development Cooperation Agency.

In accordance with the Government's overall strategy relating to the **2030 Agenda**, the Agency formulates and implements, **on behalf of the State**, projects and programmes in the field of development cooperation.

At the heart of its mission: supporting sustainable and inclusive change. To achieve this, LuxDev mobilises its **expertise**, forges innovative **partnerships** and acts as a trusted **advisor**.

Guided by the **Team Europe** approach, the Agency coordinates its activities to maximise their coherence, effectiveness and impact.

OUR VISION •

In an increasingly complex world facing multiple crises, LuxDev acts to promote human dignity, environmental protection and a prosperous future for all.

We contribute to the eradication of poverty by focusing our actions on the **5 Ps**:

People

Planet

Prosperity

Peace

Partnership

We combine operational **expertise**, **proximity** to partners and **innovative approaches** to promote sustainable development.

By bringing together **expertise from Luxembourg and abroad**, LuxDev contributes to **sustainable transformations**, tailored to local contexts and aligned with the 2030 Agenda.

OUR VALUES •

Respect

Integrity

Solidarity

Effectiveness

THE FOUR
STRATEGIC
AXIS OF
THE VISION

SUPPORT

STRATEGIC AXIS 1 •

LuxDev supports its partners for an enhanced performance in the implementation of their development policies and strategies:

- alignment;
- change management;
- capacity strengthening;
- evolution of working methods (approaches and procedures).

OBJECTIVES

- 1 A large majority of LuxDev's activities are carried out through a programme-based approach in order to promote alignment and the institutionalisation of capacity development.
- 2 LuxDev diversifies its formulation and implementation approaches in order to have tools tailored to different contexts.
- 3 LuxDev is able to successfully carry out the support activities identified.

PARTNERSHIP

STRATEGIC AXIS 2 •

LuxDev brings together and develops multi-stakeholder partnerships for successful sustainable development: effective partnerships between governments, the private sector and civil society are necessary for a successful sustainable development programme in line with SDG 17:

- private sector;
- civil society / NGOs;
- academia and research ;
- other agencies and Team Europe Initiative approaches.

OBJECTIVES

- 1 LuxDev develops partnerships with Luxembourg-based stakeholders.
- 2 LuxDev develops partnerships with other agencies.
- 3 LuxDev promotes private sector engagement in its interventions.
- 4 LuxDev actively engages in key international cooperation and impact finance networks.

OPERATIONALISATION

STRATEGIC AXIS 3 •

LuxDev implements cooperation programmes agreed between the Luxembourg State and/or other donors and their partners.

These interventions fall within the framework of the agreement between the State and LuxDev and include:

- priority themes :
 - improving access to quality basic social services,
 - strengthening the socio-economic integration of women and youth,
 - promoting sustainable and inclusive growth,
 - promoting inclusive governance;
- cross-cutting priorities:
 - human rights,
 - gender,
 - climate change and environment.

OBJECTIVES

1

LuxDev provides recognised strategic and operational expertise within the framework of Luxembourg cooperation and Team Europe programmes.

2

Climate change, the environment, gender and human rights are systematically analysed.

3

LuxDev is a flexible partner capable of providing rapid responses in fragile contexts.

4

LuxDev is recognised for its capacity to operationalise projects linked to new financial instruments.

CONTINUOUS IMPROVEMENT AND GOVERNANCE

STRATEGIC AXIS 4 •

LuxDev continuously strengthens its operational effectiveness through:

- information systems;
- knowledge management;
- communication systems;
- skills development;
- environmental and social responsibility;
- quality management;
- internal governance.

OBJECTIVES

- 1 LuxDev has a high-performance, digitalised and secure information system.

LuxDev deploys strategic, coherent communication aligned with the donor's priorities, contributing to the visibility and recognition of its actions, while effectively supporting the implementation of the projects and programmes entrusted to it.

- 3 LuxDev staff continuously develop their skills and knowledge.

- 4 LuxDev strengthens its commitment to a high level of social and environmental responsibility.

- 5 LuxDev continuously improves its effectiveness and efficiency.

- 6 LuxDev strengthens its internal governance.
